

Following requests from members, you may have noticed that there is a new tablet and card reader at the club which should make paying for subs/refreshments/other items much quicker and easier.
(with less writing!).

There are a set of instructions next to the tablet which should help if you are unsure of how to use the app.

In basic terms, all you need to do is unlock the tablet, open the Loyverse app (if it's not already open) and the homepage with the items you can pay for will appear on the screen for you to select. PLEASE, before you start selecting items, click the person symbol at the top right of the screen and select your name from the list. This makes it so much easier to identify who has paid for what, particularly when people are paying match and membership fees.

After this, select what you would like to pay for and then follow the instructions to make payment. You can select 'cash' and simply put the money in the guest box, or press card and pay on the card machine.

As well as refreshments, preset options on the tablet include:

Individual match fees (squash and racketball) £5

Whole team fees (squash and racketball) £25

Lights 20mins £3

Lights 40mins £6

Balls/Grips £3

Bar Tab

(manual so you can insert the amount you wish to pay)

Guest fee £3

Sunday Club £6

Junior Club £2

If you do have any feedback, problems or queries, please feel free to get in touch with Laura Mather.
